Zoning Board of Appeals Meeting
Tuesday, October 18, 2016
Willsboro Town Hall

Attendance: Bruno, deMello, Sowizdrzal, Paye, Morgan

Absent:

Public: Mark McGill, Doug Rock, Town Code Enforcement Officer

Call to Order: The meeting was called to order at 7:00 by Bruno

Minutes: Sowizdrzal made a motion to accept the June minutes. Paye seconded. All in favor. Motion carried unanimously.

Public Hearing: No public hearing

Old Business: No old business

New Business:

Mark & Tracie McGill – 51 Corlear Drive – 21.9-2-13.000 – ledgestone retaining wall

Mr. McGill presented the Board with his application* for a retaining wall with access. It will not extend the property and it will be above the high water mark. The McGill's are also trying to minimize the removal of trees. deMello and Bruno stressed that the application will have to include the physical square footage and the height of the wall. There was some discussion about the benefits of building a vertical wall versus a sloped structure. The Board instructed applicant to proceed with site plan review with the Planning Board next week as well as starting the process of APA approval, as it will be required in this district. Bruno recommended an engineered plan for the APA and to mark where his vegetation is on his site plan. Deed and property card will also be needed for Mr. McGill's next ZBA appearance.

Sowizdrzal motioned to move the McGill case to Public Hearing at ZBA meeting November 15, 2016. deMello seconded. All in favor. Motion carried unanimously.

Adjournment: deMello motioned to adjourn the meeting at 8:15. Bruno seconded. All in favor. Motion carried unanimously.

Address: 51 Corlear Dr, Willsboro, NY 12996

Location of project: 51 Corlear Dr Zoning District: RL1

Describe your project: shore erosion stabilization. Construct a retaining wall using Redi-Rock Ledge stone above the high water mark.

Denial of Permit Application by: Date:

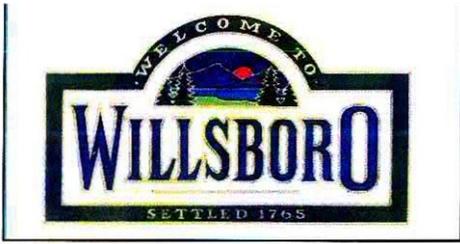

For Office Use:
Date of Appeal:
Date Rec'd. by ZBA:
Date of Public Hearing:
Date of ZBA Action:
Date of APA Action:

Your application wishes to seek relief from what section(s) of the Ordinance? Section(s): Section 6.12, 6.14
Page(s):
Specifically: Setback from shoreline [6.12] Lake front and shoreline Tree Cutting Restrictions [6.14]
Is the property in the Hamlet? yes no. (If no, Adirondack Park Agency review is required.)

Have there been any other variances granted on the property? No Date(s):
If yes, please summarize:

1) How can the benefit that you desire not be achieved by other feasible means? Proximity to the structure (~15ft) and steepness of the eroding bank caused us to consult an engineer and choose an engineered retaining wall. Redi-Rock is more stable than natural stone, but has a natural appearance.
ZBA Findings:

2) How will your project not produce an undesirable change in the neighborhood? Although the wall will only be visible from the shore, the Ledge stone Redi-Rock has a natural look to it. We plan to plant natural vegetation in front of the wall to further blend it into the shore.
